

MEGABOSCH

MegaBosch The Rockstars of the Apokalypse

The four members of **MEGABOSCH** slip into the role of the last rockstars of the apocalypse, whose declared aim is to bring rock music back to a post-apocalyptic world. They perform this mission theatrically, with much attention to detail, and great gesture: Hard and mangly, aloof, extroverted and seduced by their own art. While musically beyond all doubt, they never take themselves too seriously.

A **MEGABOSCH** concert means high energy rock music; vehement and bursting with testosterone. It means German lyrics about drugs, sex, violence and rampancy. But always with their tongues in their cheeks and so exaggerated that it's almost a caricature. It means a feeling of high spirits, sweating bodies and shining eyes. Fat sound, a big portion of fun, and passionate virtuosity.

Furthermore, **MEGABOSCH** is a visual treat. All performers on stage wear elaborately designed costumes, which easily live up to well known post-apocalyptic movies or games such as „Mad Max“ or „Fallout“. Even the instruments look as if they were screwed together from ancient remains.

During the 2013 **Wacken Open Air**, **MEGABOSCH** opened the **Wasteland Stage**, constructed out of old shipping containers and a great deal of rusty steel. The four apocalypse rockers threw a gigantic party with lots of fire, martial warriors and tantalizing dancers on the holy metal grounds. The show turned out to be such a success that **MEGABOSCH** established in the following years of 2014 and 2015 the **Wasteland Stage** as a regular Wacken stage.

In 2016 **MEGABOSCH** inspired the producer **Tommy Newton** (e.g. Victory, Halloween, Guano Apes, U.F.O.) with enthusiasm for the production of their debut album.

In addition to further appearances (e.g. Reload Festival, Monster Festival in Geiselwind), **MEGABOSCH** is the leading band in Germany's steadily growing post-apocalyptic scene. Also among role players, showmen and visitors of countless events such as the Roleplay Convention Cologne (Europe's largest role play fair), Annotopia or as headliner at the FaRK 2019 (fantasy and role play convention in Landsweiler-Reden), **MEGABOSCH** enjoy a vigorous and extremely loyal fan base at countless events at home and abroad like at their concerts.
